We have been given approval to support in person gatherings, within the frameworks provided by the city, state and federal govt. and will begin scheduling meetings, events and programs immediately.

We continue to use the Four Pillars as the foundation of our in person processes:

- Hand Hygiene
- Physical Distancing
- Required Face Coverings
- Health Monitoring

Please help us successfully re-engage the community and re-open effectively. If you don't feel well, please stay home, and we'll be on the lookout for excellent behaviors.

As guidance changes, we will share additional updates and information as quickly as possible.
